To Whom It May Concern:

I, Anne Wheeler, am writing this letter in support of, Reed Clare, and his pursuit of the acting profession both in Canada and abroad. I am an award winning and internationally recognized Canadian Director, writer and producer with extensive film and television credits spanning a 25 year career to date. I have worked for the National Film Board of Canada writing, directing and producing. My films to date have won multiple awards and garnered international acclaim. I have earned six honorary doctorates and the Order of Canada, as a result of my body of work, continued pursuit of excellence and dedication to the filmmaking profession and artform.

Recently I reviewed a film executive produced, written and performed by Reed Clare, entitled 'Kingdom Come', which I found to be visually rich and dramatically performed by a young cast, including Reed Clare. He has impressed me as being a talented performer and filmmaker. Ambitious, gifted and theatrically trained I understand his career also encompasses Opera, notably roles in the Metropolitan Opera production of MacBeth.

I have no hesitation in recommending Reed for professional acting work both here in Canada and abroad. I wish him all the best in his acting career and I feel he will be a fine contributor to the art and profession.

Sincerely,

Anne Wheeler
